

# VIRTUSEIS SCORECARD SUMMARY

Score Card Session Date

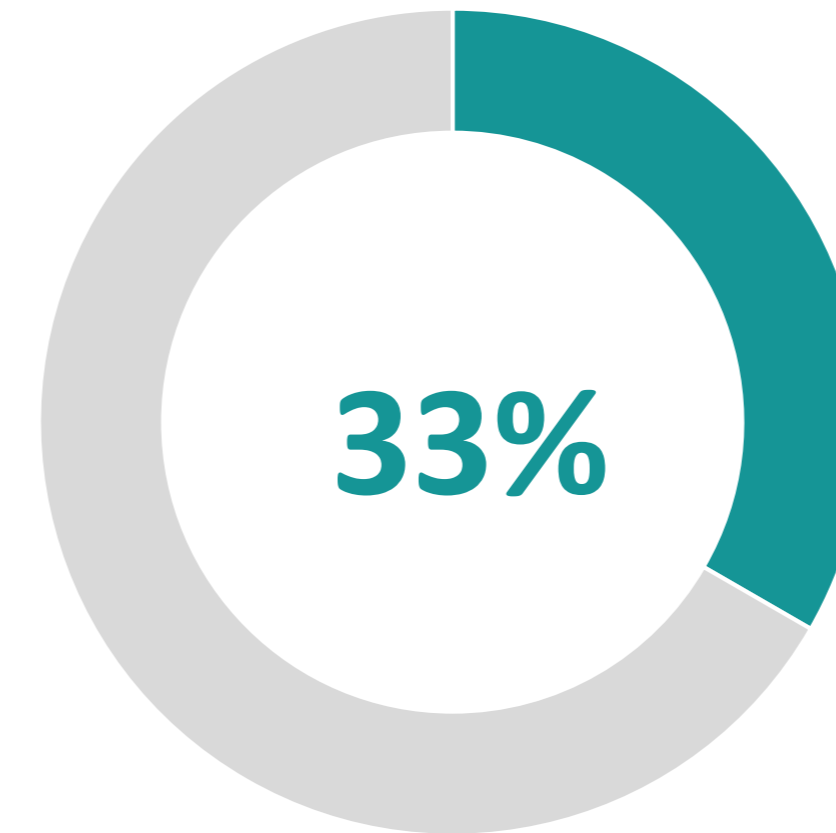

Your Company  
Logo Here

## VISION & PLAN

Clear digital transformation program in place.

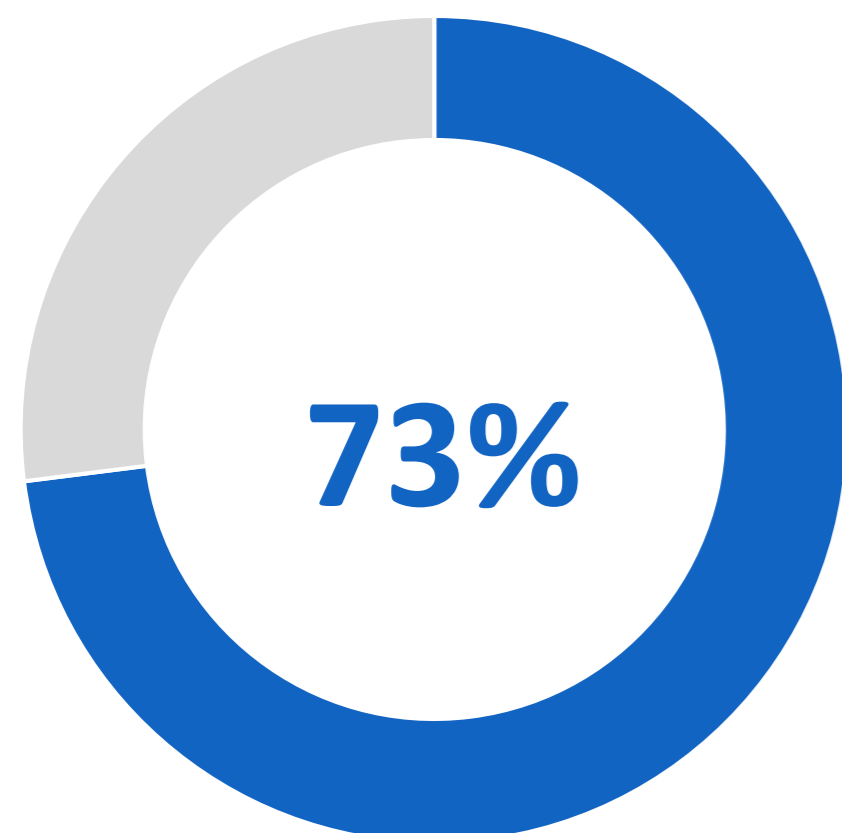

Some clarity required in terms of impact and timing for G&G team.

## RESOURCES

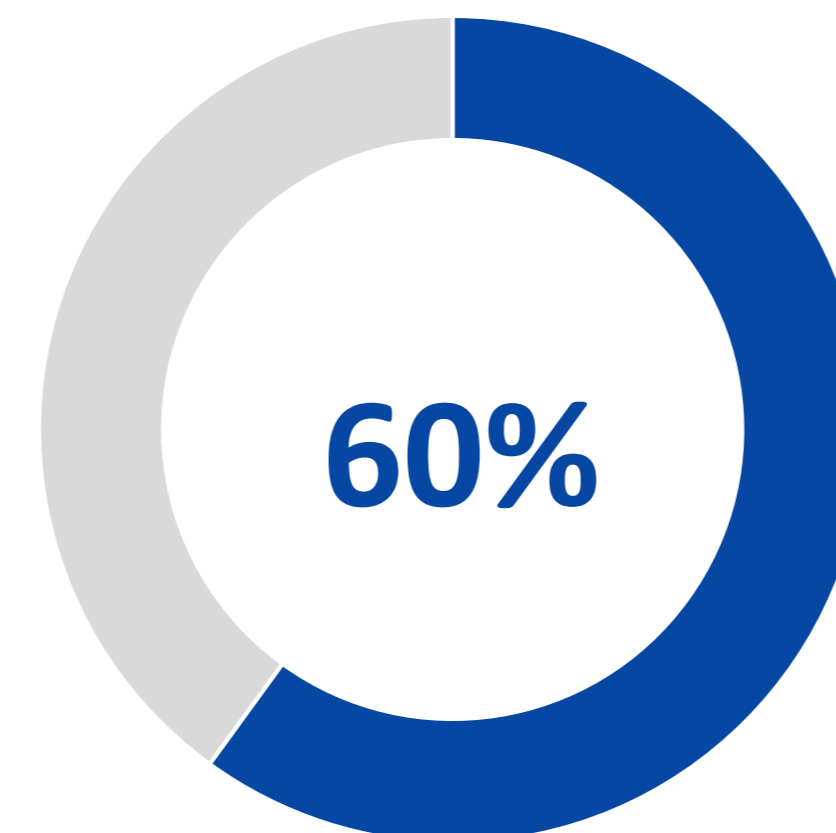

Lowest scored category. Constrained with people, budget, and time.

Awareness within of the G&G teams' need for resources is a root cause issue.

## DATA & WORKFLOW

Solid understanding of seismic data assets and costs. Post-stack data is available to team members that need it. Wait a day or two at most to access. Some need to better understand portions of their international data.

## SYSTEMS & TOOLS

Have remote access to digitized data. Transformation program will further modernize data system infrastructure. Some gaps with current data mgt tool with SW updates, search capabilities, and cloud compatibility.
